

Parents or Guardians,

Doddridge County Schools would like to continue to supply weekend food bags to any student that needs them over the course of the school year. The Backpack Food Program has been successful in providing nutritious foods on a weekly basis to students in the county. By partnering with school staff, the Backpacks are distributed to children in need through the school system, discreetly, once weekly and/or before a long holiday weekend.

If you would like your child or children to participate in this program, please fill out the information form on the bottom of this letter and return it to the school as soon as possible. Feel free to call the counselor at your student's school with additional questions. Thank you for taking part in this program.
